

FCM 132-2016

FIRE CHIEF MEMORANDUM

DATE: November 2, 2016

TO: All Uniformed Members

THROUGH: Eric C. Tade, Chief of Department *ECT*
Todd A. Bower, Deputy Chief of Department *TAB*
Scott Heiss, Division Chief, Safety and Training *SEH*

FROM: Chad Burdorf, Assistant Chief, Safety and Training *CB*

SUBJECT: NEW MICRO TRAININGS

Safety and Training had developed two new videos for all members to view. First is a video on the new Total Pressure Governor being used on the Velocity Engines. The purpose of this video is to provide some information on using these Engines, especially when going to work on the hydrant.

The second video is showing the evolutions taught here at the Denver Fire Academy. The video will allow members some understanding into the methods taught on the various evolutions to the new Recruits. The methods are not meant to change how you operate on a daily basis, but help you become more familiar with how the Probationary Firefighters have been taught to complete these evolutions.

CB:kfc/H/FCM/2016/132-2016 New Micro Trainings
