Five Alarm Leadership: From the Firehouse to the Fireground, is a dynamic program that is designed to energize and motivate the people in your department to perform and excel in everything they do. This program, taken right from their book, outlines many of the common situations that fire departments and fire companies find themselves in and presents suggestions and solutions to those situations. Chiefs Lasky and Salka have experienced many of the challenges and hurdles that your fire department is facing during their 60-plus years in the fire service. They have learned through their experience as company grade officers, command-level officers, and executive officers, how to treat people, how to motivate them, to coach and counsel them, and in some cases discipline them, so that they want to come back and contribute even more to this great profession. Issues such as integrity, inspiration, interest, innovation, insight and initiative are all discussed and applied to life in the firehouse and on the fireground. Join the Chiefs as they guide you through your most difficult but vital role as a leader in the fire service.
