Denver Urban and North Central Region Training Announcement

The UASI/NCR Training Committee is pleased to announce the following course.

Course: **PER-213 WIDE AREA SEARCH Training**
www.co.train.org Course ID #1032029

Course Length: **24 hours** from 0800-1700 hrs daily.

Course Description:

The Wide Area Search course is grant-funded by the Department of Homeland Security. The course is provided on-site for eligible jurisdictions throughout the United States. The course is applicable to jurisdictions that would need to conduct wide area searches due to a natural disaster or terrorist incident. Participants will learn practical search methods and skills in order to perform systematic searches over a large affected area. The course concludes with a table top exercise that requires participants to utilize the previous two days of instruction. The curriculum of this course is based on lessons learned from search operations in support of the Space Shuttle Columbia recovery, Hurricanes Katrina, Rita, Dolly, Ike and other wide area search incidents. Course Topics: • Preparedness • Search Management and Planning • Mapping • Search Strategies and Skills • Communication • Team Management • Table Top Exercise

Prerequisites: **None; ICS-100 and 200 are recommended.**

Target Audience:

This course has been developed for local, state and federal responders who may be required to perform search operations. The target audience also includes all emergency responders from municipal and industrial agencies tasked with performing search operations. Course participants include emergency responders from the following disciplines/services: • Fire Service (FS) • Emergency Medical Services (EMS) • Law Enforcement (LE) • Emergency Management • Military (MT) • Urban Search and Rescue
