OPS-019-2018

DFD INTERNAL CORRESPONDENCE

DATE: August 30, 2018

TO: All Operations Division Members

THROUGH: Charles Drennan III, Division Chief, Operations ***CD III***
Donn Bower, Assistant Chief, Operations ***DB***

FROM: Jeff Linville, Captain, Operations ***JL***

SUBJECT: MEDICATIONS INVENTORY ONLINE

With the full scope EMT rollout, various medications have or will be disseminated to the fire companies as part of the increased EMT-B skillset. Various medications have an expiration date, therefore need to be inventoried. Medications shall be documented by the date of expiration by the 15th of each month. If medications are within 3 months of expiration, please send in the old medication to the EMS Captain with a follow up email requesting replacement. The medications that need to be inventoried are as follows:

ASA
Narcan
Albuterol
Zofran
Neosynephrine
Oral Glucose

Members are required to login utilizing the direct link below, and there is also a link on the DFD webpage under Operations. Your login is your username and password used to login to your computer. If there are network issues, you can log in via My DFD as well utilizing your F number and pumpcode.
